Cryo Blocks – Sample Hold Time

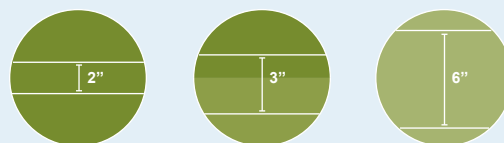

(Approximate when Block Are Fully Charged)

Cryo Blocks – Approximate Sample Capacity

Cryo Blocks – Mix and Match

Hold 3.5 + 3.5 = 7 Days

Hold 3.5 + 2.5 = 6 Days

Hold 1.5 + 1.5 = 3 Days

Choose blocks to match sample volume and hold times as required by customer. NB // Part Numbers are for 1 block, not a pair.

* Hold times are approximate when full charged
